

# Plainwell Community Pool Weather Policy

The pool will be cleared of all participants if lighting is detected. We will not close, but will wait 30 minutes after every strike before allowing people to re-enter the water.

We CLOSE the pool during a SEVERE THUNDERSTORM WARNING or TORNADO WATCH. Patrons will be encouraged to shelter in place during a TORNADO WARNING.

SCHOOL CLOSURES due to winter weather, etc,-if either the district website or local news channels show that Plainwell Community Schools are close, the pool is also closed.
